

2018 NY Scholar Testimonial

Dennis Dacarett-Galeano - Icahn School of Medicine at Mount Sinai/Harvard TH Chan School of Public Health

I am incredibly humbled and honored to receive the 2018 National Hispanic Health Foundation's Health Professional Student Scholarship. Because of this award, I am able to pursue my advanced graduate studies at the Icahn School of Medicine at Mount Sinai and the Harvard T.H. Chan School of Public Health. This award allows me to continue my life's work toward improving health service delivery for Latino/a/x communities that are multiplied, marginalized, and failed by our

political systems. I thank the National Hispanic Medical Association and the National Hispanic Health Foundation for welcoming me into a community of health care leaders as I work to become the Latino physician advocate I aspire to be.
